### Medical Coding Training Report

Medical Coding is booming and is a great career option that is in high demand especially during the ongoing pandemic. Even in the field of Healthcare which is one of the fastest-growing industries for job seekers, people who know their way around a computer are essential. The primary goal of the training was to Create awareness among the students about the different opportunities available in the field of coding and also to provide them the knowledge about various codes used in the field. The goal to bring together the right people was greatly exceeded: the training convened faculty and students from VIPER. Training was conducted by Mr. G.Suryam, Assistant Professor, VIPER.

### Virtual Reality Demo Report

The primary goal of the training was to bring together practitioners of Web and Virtual Reality technologies to start the discussion on how to make the student platform a better delivery mechanism for VR experiences. The goal to bring together the right people was greatly exceeded: the training convened faculty and students from VIPER. Demo was conducted by Mr. Faheemuddin, Assistant Professor, VIPER. He demonstrated using the Virtual Reality Headset, designed by Metaquest 2. Students had a wonderful experience and expressed their interest to learn technological development.

**Trainer's Feedback:**

The students were slow in thinking, understanding and neither interactive. Though they have the ability to communicate, they limit themselves to explore their abilities. They were lazy to take any efforts. They need to be self-disciplined in terms of time management. However they got habituated to punctuality and time management skills. They got more serious in setting their goals. Vaishnavi has excellent potential and had to highly structure her schedule and work. Kajal, Pavithra, Jahnavi, Pranavi, Vasavi, Pooja, Meghana and Tejasree have great potential, if they are guided properly they'll excel in their careers. Most of the students need to improve their vocabularies, spoken and written English. Boys in the batch were totally shy, demotivated and did not show any improvement. They have to improve their communication. Nikhil is very unique and different in his thinking.

**Consolidated Students Feedback from Google form:**

- This session really helped me .I learnt a lot from this session .I've over come stage fear, I learnt to manage my time, work with the team , coordination , cooperation , collaboration. I have came to know my strengths and weakness, setting up goal, knowing my personality, thinking positive. Waking up early in the morning and having time with our friends, not wasting food and a lot more I learnt.
- The 3 days program of vedic was very good I enjoyed a lot and I learnt different types of skills, I build up my confidence, doing of project, Role play, creative thinking & group discussion and leadership qualities.

- It was overwhelming. Learnt many things, and how to be confident. I had been got hidden of stage fear. We had prepared projects which had ignited us with ideas, so I am overwhelmed and intended by the workshop...
- It was a wonderful and amazing session in which I learnt a lot of things such as presenting skills, goal setting, spontaneity, creativity, confidence, model making, team work, listening, observation, leadership skills, personality development...
- I feel its my privilege to attend vedic session conducted from 5th Jan to 7th Jan of 2023. I learnt how to overcome stage fear. I have learnt how to expose my self to audience & I came to know my hidden talents. This session made me to improve myself by overcoming all the fear & get out from negative thoughts.
- The workshop was great, built my confidence, brought my intellectual analysis, my creativity, leadership qualities, important things in life, about my goals, about success.
- Amazing workshop. Learnt lot of things. Challenges were very interesting it helped us a lot. It was a nice experience, I learnt to be calm in difficult situations....
